

Todd Kinnikin Memorial METALfab Scholarship

Presented by the Upper Midwest Chapter of NOMMA (UMWC)
Administered by the NOMMA Education Foundation (NEF)

Purpose of Scholarship

We are providing this scholarship to honor the memory of our friend and colleague Todd Kinnikin, Eureka Forge, Pacific MO. The UMWC and NEF have partnered to make available an outstanding education and networking experience for a NOMMA member.

Criteria for Scholarship Selection

- Owners and employees of NOMMA member companies engaged in the fabrication of ornamental and miscellaneous metals
- Receipt of application forms by November 17th, 2017
- Agreement to provide a brief written statement of the value and of the experience after the event is over

Scheduling and General Information

- The UMWC/NEF has committed to provide a reimbursement of up to \$1,000.00 to the one person to whom the scholarship is awarded too. The reimbursement is to cover the recipients cost of a full registration and expenses to METALfab. At the close of METALfab dated receipts must be furnished to the scholarship chair and upon review the receipt will be reimbursed up to \$1,000.00.
- Scholarships will be announced at the Winter UMWC meeting
- Scholarships are non-transferable
- The scholarship selection committee made up of UMWC board members, NEF trustees, NOMMA board members and the Kinnikin family will review the application and select the recipient of the scholarship
- The following are ineligible for the scholarship: members of the selection committee, NEF trustees, NOMMA board members, NOMMA staff, and family members of the above. "Family member" is defined as spouse, sibling, parent, child, grandparent, grandchild, or spouse of a child, sibling, or grandchild

Items Required for Application Submission

- Complete scholarship application with signed agreement
- Statement explaining the benefits that the applicant hopes to receive from attending METALfab
- Compete application can be downloaded at www.nomma.org/resource/resmgr/NEF/TK_Scholarship_App.pdf
